

Bringing Music By The Bay ...

Your enjoyment at the 2011 **Music By The Bay Festival** is thanks to the generous support of our government, corporate and private sponsors. The Festival is growing in popularity and has established itself as the only festival in Canada spotlighting new & emerging musicians under the age of 21. The Festival provides ideal sponsorship opportunities for positioning your business as a community leader in association with this successful and popular event.

Proceeds from the Festival continue to be collected for use in the beautification of the area.

All levels of Festival Support are recognized in the Festival Brochure, highlighted on the Community Partners page of the Festival Website, and included in post-festival *Thank You* ads. All logos for print and web must be supplied by sponsor. We ask for your commitment by April 15th so that we can move forward implementing our event plans.

Donate
